

CAR SEAT RECYCLING

September 18-22; 9 a.m. to 5 p.m. each day

AAA and its partners are collecting and recycling infant/child car seats. GREENFOREST Recycling Resources will provide pick up and transportation from the nine collection sites to Marshall, MN. Employees of Advance Opportunities, a nonprofit organization that assists adults with developmental and intellectual disabilities to acquire and retain employment, will disassemble the seats. The Lyon County Environmental Office and GREENFOREST will recycle the materials.

The event will enhance traffic safety by removing expired, damaged and recalled seats from circulation. It will also be environmentally friendly as the components will be recycled and not tossed into a landfill. AAA members and non-members are eligible to drop off seats.

The cost to AAA is \$7.50 per seat which covers the transportation, disassembly and recycling costs. A \$5 voluntary contribution is requested. A free food or beverage coupon will be provided for each \$5 donation. Only two seats per family, please. The family must drop off the seat(s); large collections from other organizations will not be accepted. Seats may only be dropped off between 9 a.m. and 5 p.m., Monday to Friday, Sept. 18-22 at the following locations:

AAA Burnsville, 600 West Travelers Trail, Burnsville

AAA Duluth, 2520 Maple Grove Road, Duluth

AAA Mankato, 1930 Adams Street, Mankato

AAA Rochester, 1535 Greenview Drive SW, Rochester

AAA St. Cloud, 3959 - 2nd Street So., Suite 210, St. Cloud
